RE: Price Increase

Attn: Valued Customers of Precision Plumbing Products

PPP's price list has been revised to reflect price adjustments due to rising labor and raw material costs.

- The average increase is approximately 7%, but individual items may vary.

Effective March 5, 2018, prices will increase for all orders placed after Friday, March 2, 2018. Prices will be updated automatically in the Precision Plumbing Products billing system on the effective date of March 5, 2018. New list price sheet will be available for download on the PPP website, www.pppinc.net, at that time.

Please contact your local manufacturer's representative with any questions.

Thank you for your continued business,

Brandon Gunnell
