Re: Price Increase

Valued Precision Plumbing Products Customers,

Due to increases in raw material, transportation and labor costs, Precision Plumbing Products will be implementing the following price increases effective March 1, 2021. All orders placed on or before February 26th, 2021, will be honored at current pricing.

This increase will include all SKUs and will be approximately 6-8%

Please visit PPP's website: www.PPPinc.net in the near future to download an updated price guide. As always, feel free to contact me with any questions or concerns.
